BIEDICINAL.

This important organ weighs but about three pounds, and all the blood in a living

rerson (about three gallons) passes through it at least ence every half hour, to have the bile and other impurities strained or filtered from it. Bile is the natural purgative of the bowels, and if the Liver becomes torpid it is not separated from the blood, but carried through the veins to all parts of the system, and in trying to escape through the pores of the skin, causes it to turn yellow or a dirty brown color. The stomach becomes diseased and Dyspepsia, Indignation, Constipation, Hardsche, Eilieusness, Jaundice, Chills, Malarial Fevers, Piles, Sick and Sour Stomach, and general debility follow. MER-RELUS HEPASTINE, the great vegetable discovery for torpidity, causes the Liver to throw off from one to two ounces of bile each time the blood passes through it, as long as there is an excess of bile; and the effect of even a few doses upon yellow complexion or a brown, dirty looking skin, will aston-ish all who try it—they being the first symptoms to disappear. The cure of all bilious diseases and Liver complaint is made certain by taking Hepatine in accordance with directions. Headache is generally cured in twenty minutes, and no disease that arises from the Liver can exist if a fair trial is given. Take no pills when you can get Hepatine at the same price. For sale by all Druggists. PRICE 25c and S1.
